

My reaction

Hammurabi's Code	Slave Code
Hammurabi should of never did that. He should not beat the people up at the still something they should just give them some time. I'm desera because you should not that people the like that for he don't want to be there.	I think that they should not keep the people in the cabins under the surveillance because you never know what exact happened to them. And, they should not be search twice a month. they should not be treating the people like that.
