

March 5th. 1886.

R. McLendon, Esq. Sheriff,

Florence, S.C.

Dear Sir:-

Governor Evans directs me to say that he has received information that lawlessness prevails to a great extent in Metts township and adjoining townships. It seems that a band of white dappers are at work whipping and terrorizing the citizens. Please investigate the matter and use your authority to stop such a condition of affairs.

Respectfully,

Private Secretary.
