3. Based on your observations, draw inferences from the photograph. (What are these people doing, what is their life like, are they happy, sad, content, what happened to get them to this

point) In this photo, I see sadness, hopelessness, and poverty.

The little boy looks bored and sad while the old man is smiling feeling content taking the photo. I think they both feel hopeless dealing with the Great Depression and how it's affecting their lives, made them poor.
