

Step 1. Observation

A. Study the photograph for 2 minutes. Form an overall impression of the photograph and then examine individual items. Next, divide the photo into quadrants and study each section to see what new details become visible.

B. Use the chart below to list people, objects, and activities in the photograph.

People	Objects	Activities
two twin boys	a block ^{with the house}	
a young man	a square of iron	
2 8 year old boys	spoon	
	bowl	
	block of wood	
	house	
	porch	

Step 2. Inference

Based on what you have observed above, list three things you might infer from this photograph.

I think the brick is held up the house because one of the wood sticks broke. The two twin boys are dirty because they been working. I think the spoon and the bowl are out because someone ate and left it outside.

Step 3. Questions

A. What questions does this photograph raise in your mind?

Why is the young man standing on the front porch?

B. Where could you find answers to them?

a research website on a computer.
