

### Step 1. Observation

A. Study the photograph for 2 minutes. Form an overall impression of the photograph and then examine individual items. Next, divide the photo into quadrants and study each section to see what new details become visible.

B. Use the chart below to list people, objects, and activities in the photograph.

People	Objects	Activities
old man	chair	standing
young boy	3 windows	sitting
rich man	mill	posing for a picture
old lady	there clothes	some of them smiling
young girl	box	

### Step 2. Inference

Based on what you have observed above, list three things you might infer from this photograph.

We see a lady holding a board but the letters are blurry. We see a man sitting on a box I wonder what's in it? We see 3 windows but we can't see what on the other side.

### Step 3. Questions

A. What questions does this photograph raise in your mind?

Why is it black and white? Why does everything look blurry? Why aren't they happy? Why were some rich and some poor?

B. Where could you find answers to them?

you can find them at [www.woogiworld.com](http://www.woogiworld.com).
