

## Immigrants Coming to America

Welcome immigrants coming to  
America.

America's statue calls to you, like a  
mom calling for a lost child.

Come here for freedom and a better life.

Immigrants from all over the world,  
bring the kids and your wife.

Welcome world wide.

The transportation that is bringing you  
here is taking you to heaven.

Your kids can even work for pay.

Welcome people from all over the  
world.

Your dreams are only a ticket away.

Come to America today

Don't let your dreams and freedoms  
decay.

America is accepting you as a U.S.  
citizen.

Just bring your clothes and your money  
to pay.
