When I got off the ship the first thing I saw was a crab. Then I had to gather water for us. Then we got on a train. While I was on the train I saw a deer, possum, palmetto tree. We also saw a rose, sunflower. When I got off I had to get fire wood for us. We also saw hills, mountains. I helped wash dishes, wash clothes. We saw a fox. It really grassy also, we saw water sometimes. I saw birds everywhere. I had to help dry off clothes. I saw a daisy. I saw a meadowlark. I saw venous fly trap.

I have just got off of a ship in Charleston and now I am getting on a train and right before we start to go I see some ghost crabs in the sand and blue crabs emerging from the ocean. Man there are a lot of rivers here. There are a good amount of oak trees here too. I'm starting to see less rivers and more trees. The train is starting to get bumpy. And I can see a river from here and it's clear enough to see trout going upstream. I can see a bit of sand on the train's wheels. Everyone says that this is the place where we are going to build Walhalla. Building is not so worry about right now because of all the trees. I'm starting to get used to it here.

One day some people from Germany like me was traveling from Charleston to Athens. In Charleston I saw Palm Trees, Crabs, Shells, Midden mounds, Swamps, Coastal Forests, Baby Turtles, Chrimp, Lobster, and storms. We are in Valhalla now. It is a beautiful up here. It's amazing. Look at all this land. I know isn't it so wonderful. I love VALHALLA!

Wow! Look at Valhalla. We
can put a Church
where those Bears and Deer
are. I love VALHALLA,

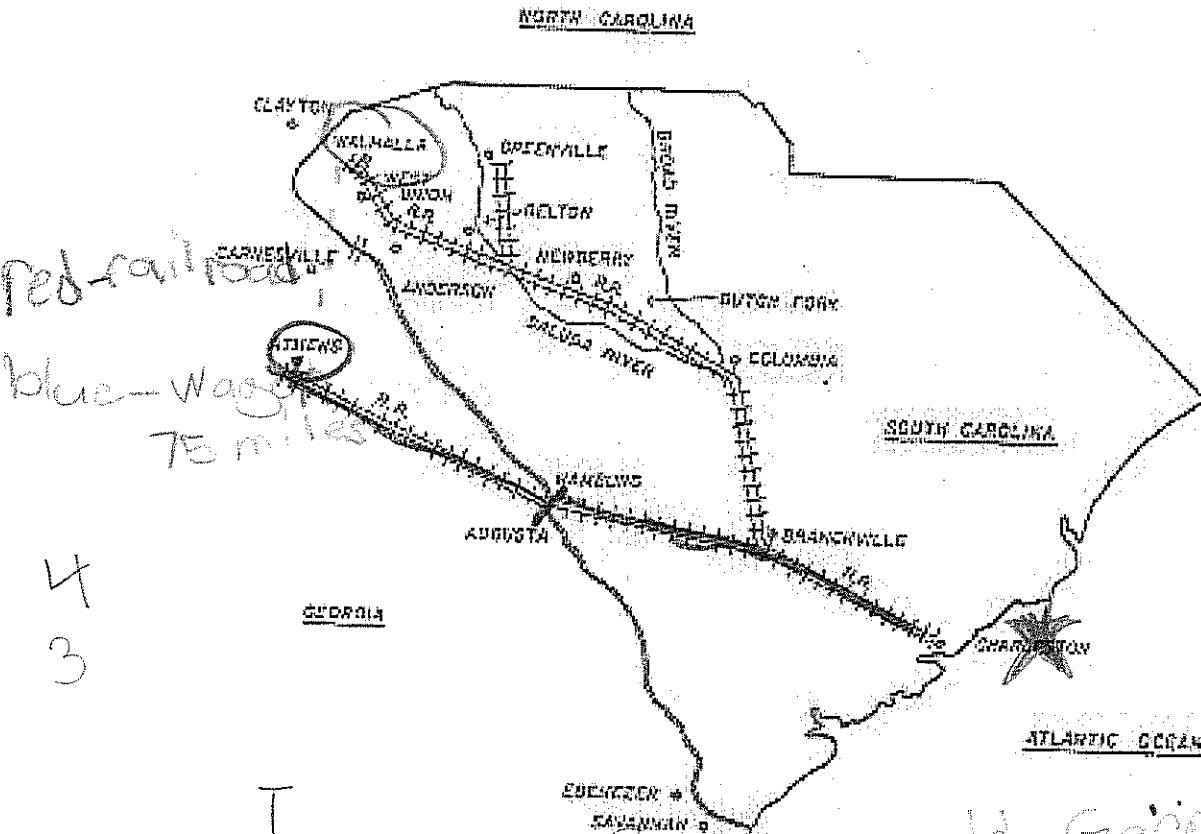

Nathan

I am a 9 year old German. What? oh, our captain says we're almost there. We are going to Charls Towne to live. Cool! I just saw a dolphin. Oh look, there is the port there is a lot of sand here. What is that weird tree "That is a palmetto tree," said a man. We're walking into Charls Towne. It has been a few days and there is no room for us here but there is some land in the upcountry that we can settle in. We are on a train. Wow! look at that deer I just saw out the window. Ma says about $\frac{1}{2}$ way there. We're going to load our stuff on the fairy, take it off and put on a rail

-r train. Hey it's a shark tooth, That is crazy that it is in the midland. "The water used to come up here", said Papa. I check in with you in Athens. Now were Athens. There are a lot of hills here. We're on the wagon now. I'll talk some more when we get there. We're here! Were going to Wallhala, Garden of the Gods. We name it saw some waterfalls on the way. Well, I need to pick up fine wood now. Thanks for coming on our trek
