

The Choices Are . . .

- 1. Do nothing: Ignore the missiles in Cuba**
- 2. Begin direct negotiations with Khurshchev asking that the missiles be withdrawn**
- 3. Order a blockade of Cuba until the missiles are removed**
- 4. Send a warning to Castro and Khurshchev and if the dismantling of the missile sites is not underway within 24 hours order an air strike against the sites.**
- 5. Order an air strike against the sites with not warning.**
